ABOUT LANTERNA SCHOOL HEALTH

Transforming school clinics into fully operational health facilities

Lanterna Home Health Care is a **government-accredited, Nursing Council of Kenya-licensed** provider based in Karen, Nairobi. Our school health service transforms your existing clinic into a fully operational healthcare facility — a mini-hospital within your institution.

We manage every aspect: staffing, training, equipment, health protocols, and supplies. Our team aligns closely with school administrators to ensure seamless integration into daily operations.

NCK Licensed

All clinical staff registered with the Nursing Council of Kenya.

24/7 Support

Emergency line and dedicated account contact around the clock.

Single Invoice

One monthly fee covers staffing, supplies & management.

WHAT'S INCLUDED IN YOUR CLINIC PACKAGE

■ Clinic Staffing

Registered nurses placed full-time, part-time, or on retainer — matched to your school size.

■ Emergency Response

First-response protocols for any medical emergency, with incident documentation and escalation.

■ Compliance Support

Your clinic meets Ministry of Health guidelines for accreditation and government inspections.

■ Medical Supplies

Consumables and equipment restocked on a managed schedule. No procurement from your admin team.

■ Routine Health Checks

Termly vision, hearing, BMI, and dental screening with parent and school trend reports.

■ Health Reporting

Termly summaries with trend data, findings, and recommendations for school leadership.

HOW WE ONBOARD YOUR SCHOOL

From first conversation to a fully running clinic

Most schools are fully operational within 2–3 weeks of signing. The process is designed to require minimal effort from your administration throughout.

<p>01 School Visit & Assessment</p> <p>A Lanterna clinical lead visits to assess the clinic space, student population, and health setup. No commitment required.</p>	<p>02 Tailored Proposal</p> <p>We deliver a customised plan and pricing within 48 hours. No generic packages — sized to your school.</p>	<p>03 Service Agreement</p> <p>One agreement covers staffing, supplies, and management. We agree a start date and handle all onboarding.</p>	<p>04 Ongoing Partnership</p> <p>Monthly check-ins, termly reports, and a named Lanterna contact for your leadership. We run the clinic.</p>

ABOUT OUR FOUNDER & CLINICAL TEAM

Founder & Clinical Director
Lanterna Home Health Care

Our goal at Lanterna is to bring hospital-grade clinical standards into every environment we work in — whether that’s a patient’s home or a school clinic. Every child in your school deserves the same quality of care.

Founder & Clinical Director, Lanterna Home Health Care

Lanterna is licensed by the Nursing Council of Kenya and government-accredited. Our nurses bring hospital-grade training to every school, currently including Dawamu School in Kajiado.

Ready to partner with Lanterna?

Book a no-obligation school visit. We'll assess your clinic and deliver a tailored proposal within 48 hours.
